Dear Clive

Southampton Cruise Capital of Northern Europe

Thank you for producing the above DVD to show in our Reception Area.

You have in the past filmed and produced some wonderful short films and with this in mind we asked that you produce a showcase video for use in our office at Southampton.

You have captured the very essence of our Port together with the Port's history and some of our most significant maritime events which include some of the biggest names within the shipping industry.

The DVD has been put together in a professional and due diligent manner and we are very pleased with the finished product.

I would therefore have no hesitation in recommending you to any potential clients.

Yours sincerely

Doug Morrison
Port Director
